Land and Resource Management Committee

RE: HB 1571 by Muñoz

Dear Committee Members:

The City of Mission supports Representative Muñoz for the creation of a new city cemetery within the city limits. The ongoing COVID 19 pandemic has necessitated the establishment for a new cemetery. The bill is only intended for the City of Mission.

We appreciate your time and hope you will support HB 1571. We are happy to answer and questions and thank you for your service to our Great State of Texas.

Sincerely,

Dr. Armando O'caña
City of Mission Mayor
